EMERGENCY SERVICES - 911 DIALING

Traditional 911 or E911 Dialing Service. The Service does not support traditional 911 or E911 access to emergency services in all locations. Where we do not offer traditional 911 or E911 access, we offer a feature known as "911 Dialing" which is a limited emergency calling service available only on EASYON DIGITAL PHONE-certified Devices or Equipment. The 911 Dialing feature cannot be used in conjunction with a EASYON DIGITAL PHONE Soft Phone. Our 911 Dialing feature is not automatic; you must separately take affirmative steps, as described in this Agreement, to register the address where you will use the Services in order to activate the 911 Dialing feature. You must do this for each EASYON DIGITAL phone number that you obtain. The 911 Dialing feature of the Service is different in a number of important ways from traditional 911 or E911 service as described on our website page for 911 Dialing under "Features," and below. You shall inform any household residents, guests and other third persons who may be present at the physical location where you utilize the Service of (i) the non-availability of traditional 911 or E911, and (ii) the important differences in and limitations of the EASYON DIGITAL PHONE 911 Dialing feature as compared with traditional 911 or E911 dialing. The documentation that accompanies each Device that you purchase should include a sticker concerning the potential non-availability of traditional 911 or E911 dialing (the "911 Sticker"). It is your responsibility, in accordance with the instructions that accompany each Device, to place the 911 Sticker on each Device that you use with the Service. If you did not receive a 911 Sticker with your Device, or you require additional 911 Stickers, please contact our customer care department at 330-658-2121.

Physical Location For each phone number that you use for the Service, you must register with EASYON DIGITAL PHONE the physical location where you will be using the Service with that phone number. When you move the Device to another location, you must register your new location. If you do not register your new location, any call you make using the 911 Dialing feature may be sent to an emergency center near your old address. You will register your initial location of use when you subscribe to the Service. Thereafter, you may contact us to update your records at 330-658-2121. For purposes of the 911 Dialing feature, you may only register one location at a time for each phone line you use with the Service.

Confirmation of Activation Required. Your 911 Dialing feature will not be activated for any phone line that you are using with the Service, unless and until you receive confirmation that the 911 Dialing feature has been activated for that phone line.

If there is an interruption in the power supply, the Service, including 911 Dialing, will not function until power is restored. Following a power failure or disruption, you may need to reset or reconfigure the Device prior to utilizing the Service, including 911 Dialing.

Service Outages Due to ISP or Broadband Provider Blocking of Ports or Other Acts. Your ISP or broadband provider or other third party may intentionally or inadvertently block the ports over which the Service is provided or otherwise impede the usage of the Service. In that event, provided that you alert us to this situation, we will attempt to work with you to resolve the issue. During the period that the ports are being blocked or your Service is impeded, and unless and until the blocking or impediment is removed or the blocking or impediment is otherwise resolved, your Service, including the 911 Dialing feature, may not function. You acknowledge that EASYON DIGITAL PHONE is not responsible for the blocking of ports by your ISP or broadband provider or any other impediment to your usage of the Service, and any loss of service, including 911 Dialing, that may result. In the event you lose service as a result of blocking of ports or any other impediment to your usage of the Service, you will continue to be responsible for payment of the Service charges unless and until you terminate the Service in accordance with this Agreement.

Other Service Outages. If there is a Service outage for any reason, such outage will prevent all Service, including 911 Dialing, from functioning. Such outages may occur for a variety of reasons, including, but not limited to, those reasons described elsewhere in this Agreement.
